Toxic Substances Control Act (TSCA)

Dear Ladies and Gentlemen,

The Toxic Substance Control Act (TSCA), is the law of governing compliance with laws and regulations in the manufacture (including import), processing, distribution, use or disposal of chemical substances.

Polychlorinated Bisphenyls (PCBs) are regulated by TSCA Section 6(e) and related regulations in 40 CFR Part 761.

Persistent, Bioaccumulative and Toxic Chemicals (PBT) TSCA Section 6(h) and Polychlorinated Biphenyls (PCBs) are regulated by TSCA Section 6(e) and related regulations in 40 CFR Part 751 and 40 CFR Part 761. To the best of our knowledge, chemicals of these regulations are not included in our products.

TSCA Section 8(a)(7) Reporting and recording requirements for perfluoroalkyl and polyfluoroalkyl substances (PFAS) under Rule 40 CFR Part 705.

Based on HAHN's current knowledge of our internal business processes and chemicals used, HAHN's products do not require TSCA requirements under US EPA (United States Environmental Protection Agency).

However, HAHN does not control or know the end uses or specific uses of our products by our customers. Therefore, HAHN cannot guarantee actual exposure to chemicals as defined by the Toxic Substance Control Act (TSCA).

For more information on the Toxic Substance Control Act (TSCA), please visit the following websites:

<https://www.epa.gov/environmental-topics/chemicals-pesticides-and-toxics-topics>

<https://www.epa.gov/tsca-inventory>

<https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/persistent-bioaccumulative-and-toxic-pbt-chemicals>

With best regards

HAHN GmbH & Co. KG

i. A. Karsten Schmitt
